From Chairman's Desk:

I feel honoured and elated to recapitulate its journey of long 34 years as well as its plans for future. PECUC is relentlessly working to touch every aspect of human life from livelihood to environment irrespective of caste, culture, gender and geographical area. Our deep dive into the socio-cultural and emotional aspects of the most vulnerable groups, like the elderly, women, and especially children, has enabled us to reach the rarest issues and discover innovative solutions to them. We have not synchronized our interventions only to the traditional sectors rather it has gone far beyond to entertain people to make them vibrant. The Community Radio 'Radio Samparka' at Nischintakoili, Cuttack, legendary 'Sisumela' and theatres have added glaze and glamour to our activities. Radio Samaprak - Community Radio Station being a child of 2 years only, it has been awarded the Best Performer (CR) prize in 2022, and felicitated by the District Administration on the Republic Day, 2023. Recently a 'DISHA recovery for drug addicts' has been inaugurated in the District of Cuttack and is taking up.

Of course amidst all challenges, collectively we contribute and share the enjoyment. Our learned Board of Management and our dedicated and honest coworkers are our strength. Maintaining the status quo beyond is our biggest challenge and affinity for people especially for children is our greatest weakness. We are not alone in our journey. The entire community, governmental agencies, donor agencies and you all are with us. We are blessed with your cooperation and support

BE WITH US,

WE CAN CHANGE THE WORLD.
