ANNUAL REPORT-2016-17

Visit us: www.pecuc.org

From Chairman's Desk

In true sense, PECUC, in its journey of more than two decades has found light for many in the darkest paths. Not only children, elderly, women and youth have been in focus, and have enabled the less-privileged section of the society to lead life of financial independence and self-esteem.

I have always held the belief that through grassroots efforts and dedicated service, we can realize the dream of transforming our society. And the broad range of our activities speaks about our dedicated and selfless service to the society and its people.

I am happy to say, we have been blessed with generous donors and a dedicated team, due to which our expectations have been surpassed. PECUC is on a mission. A mission that will bring about positive change in lives of millions by ensuring their deserved rights.

Smt Adaramani Boral
Chairman

FORWORD from Secretary Desk

The test of our progress is not whether we add more to the abundance of those who have much; it is whether we provide enough for those who have too little. – *Roosevelt*

This conviction has guided PECUC and helped accomplish 28 years of journey. Moving down the memory lane, back in the 1990s, we dreamt of a just society that promised equality to all its adherents, be it women, children, elderly and under-privileged irrespective of caste or creed, where every individual lives with dignity and eminence, and no one died of hunger. A society where people lived with peace and harmony, entitled with the religion of love. Where every individual earned their bread and butter and were self-satisfied. Our dreams persisted owing to our dedicated team that rode on a roller coaster of numerous ups and downs, and have sustained the bitter truth of failures. Despite these frequent upheavals, we have marched ahead following that single dream, aiming at its attainment, and metamorphosing the failures into the desired results through justified actions. This journey has been meaningful with congregation of like-minded people, who have guided way through these tough and strenuous times, and have been a guiding light to us.

PECUC, started as a small venture that aimed at empowering the poor and destitute, being the voice for them, and person aging the real portrait of their demeaning status in the society, aiming at their upliftment and empowerment. The organization reflected its aims in actions like strengthening hundreds of self-help women groups; fighting for right based issues of Women, Children, and Elderly, with a marked emphasis on the issues related to the education of the children; creation of livelihood opportunities, providing better health facilities, as well as ensuring a safe environment to live in! These have been our basic concerns for 28 years, and will continue to be, till indication of fulfillment and need for departure from current issues is reflected in their status. Odisha is considered as the state of disasters. PECUC has been supporting the people of the state for relief, rehabilitation, and livelihood restoration, with a focus on the women, children, elderly as well as the marginalized communities of the society. PECUC has also been working for the upliftment of the less privileged or unheard mass of the society by making them aware of their basic rights of survival, and has always been a protecting power for the people in ensuring them their basic human rights and fighting for its protection. PECUC has emerged out to be a frontier in spreading knowledge and understanding among the village people through awareness campaigns and training programs for safeguarding their environment and management of resources, aiming at sustainability. I would take this privilege to bestow my gratitude towards our Donor partners AEI, DIK,OIK, HelpAge India, Terre des hommes[G], terre des hommes Netherland [NL], HCCB, IMFA, OFSCD, colleagues, Network partners, friends, and all the associates, who have relinquished their support and collaborated with PECUC in this glorious 28 years of journey. Hope this continues till the people of Odisha have been empowered.

Ranjan Kumar Mohanty
Secretary, PECUC

People's Cultural Centre

Vision: A world in which Peace, Justice and equality prevails. Individuals and community, live in dignity and harmony respecting cultural and natural diversity. A world in which, people participate and have a say in their social and economic well being prosperity and exercise their rights to a life of dignity.

Mission: Our mission is to empower and enable people especially children, women, the aged and others disadvantaged in society, to participate powerfully in their holistic development. Our mission is to create and strengthen peoples' institutions that sustain, promote and full fill their development needs and rights to a life of dignity.

Origin: People's Cultural Centre (PECUC) with its definite objective, scientific approach and effective implementation strategy is a closely knitted team of social activists and development professionals; who joined their hands during the 1990s to promote sustainable social development. PECUC was formally declared a Non-Government Organization in 1990 and it completed 25 years of its meritorious service to the people of Odisha in the year 2015. Over the years, our focus has been on empowerment of children, women, the aged, schedule castes, schedule tribes, dalits, urban and rural poor, and other socially and economically backward and marginalized communities. Equity, Gender Justice, and Human Rights have been the guiding principles of the organization the core interventions including Child Rights, Livelihood and Household Food Security, Rights of the Aged, Depending Democracy, Community Health Management, and Emergency Management. PECUC works with the community, advocates for pro-poor policy at regional and national levels, and intends to advance human rights culture.

Area of Operation: Grassroots actions at– **Keonjhar, Balasore, Kendrapara, Khordha, Cuttack** districts

VISION 2020 (Strategic Plan):- PECUC would continue to focus primarily on child rights during 2011-2020. While working at the community level PECUC has learnt that children, their parents, grandparents, their families and the community as a whole are trapped into a vicious circle of multiple problems which has led to gross violation of human rights. There is need to develop a human rights culture where each and every individual can enjoy their right to a life of dignity. Hence, PECUC has prioritized to focus on the issues relating to deepening democracy and human rights, women empowerment, health, environment, livelihood, governance, gender justice, active ageing, emergency management and disaster mitigation too during these years.

Sensitization Workshop on Migration, Trafficking and Child Labour at Railway Station Bhubaneswar :

Thousands of workers along with children from Odisha migrate to other states in search of work, with activists alleging many of them are paid low wages for hard labour and exploited. In the background of the manifestation of trafficking with Odisha state primarily as a source state wherein the young girls, girl children and women are moving out in the garb of jobs or forced marriage or commercial sex work. The chasm between the policy and practice needs intense coordination of all stakeholders so that the intent inherent in the policy, programmes and guidelines can truly translate into action. During this year, PECUC organized one sensitization workshop on migration, trafficking and child labour in Railway Station on 19th July 2016 at Bhubaneswar railway station conference hall in collaboration with District Labour Office (Khordha) & East Coast Railway, Bhubaneswar. Total 31 participants including labour department and railway department officials, railway staffs, GRP staffs, RPF staffs and staffs of PECUC participated in the workshop. The workshop aimed at creating an environment that will be a stepping stone for the elimination of unsafe migrant labour and child labour and child trafficking in the state.

Self Help Groups promoting Empowerment :Promotion of Self-Help Group (SHGs) mainly for women has been a common programme of PECUC towards the aim of poverty alleviation under different scheme and programmes Access to credit has not only strengthened the position of women economically, but it has also created a ripple effect which alters power dynamics to allow them agency to a large extent. Besides, SHGs

have helped women to participate in the community affairs and in various instances, they have helped tackle the issues concerning public infrastructure, access to social entitlements, health and nutrition, and basic facilities. Most importantly, the process of mobilization and collectivization has been a journey of reflexive empowerment and carving a space for the women self. The space infused confidence in several women and led them to participate in the local governance process. These women have the potential to shape up as strong contenders and actively get engaged in the local political field. PECUC facilitate **142 Women SHG group** in khordha district. around 1700 women as the members having Rs.1,20,00000/- of savings ????.Most of the groups are linked with different financial institutions and Govt. schemes and programme.

In the open house discussions in every thematic session the suggestions made by the adults were noted down to be considered while making state action plans for sustainable development goals.

State level consultation with faith leaders for ending violence against children organized :

In order to foster a better understanding of the inter-faith groups in State, OACR and NACG –EVAC Odisha aimed at cultivating a meaningful partnership with different groups to end violence against children. Religious leaders have an extraordinary moral authority and convey a deep sense of compassion, solidarity and justice, which helps them to bridge differences, through fostering dialogue and influencing positive social changes. Using positive examples from religious texts such Ramayan, Bhagabat Gita, Bible, Quran, Guru Granth Sahib, etc., can help ensure respect for restoring the human dignity of the child and bring an end to all forms of violence. With this objective in mind, a State level consultation was held with participation of different faith leaders on 27th March 2017 at Hotel Excellency, Bhubaneswar in collaboration with India Alliance for Child Rights (IACR). Total 64 participants including many eminent personalities, civil society organisations, social scientists, thinkers, religious leaders, and media shared their views and gave valuable suggestions to end violence against children.

An 11 membered core committee was constituted to further take forward the suggestions/feed backs of the consultation and develop an action plan to ensure role of faith leaders for ending violence against children.
