From Chairman's Desk

Since 28 years of its inception, People's Cultural Centre, popularly known to all as PECUC, has gained much acclamation in serving many less privileged of the society. This year we focused on various environmental issues and worked towards spreading awareness and transforming our words into action in our operational areas. In addition to this, PECUC has been involved in mainstreaming the youths and channelizing their potential and energy in society building.

There have been many thematic areas, like child labour, child trafficking, violence on women, and more, in which PECUC team has worked on and tried to be that catalyst of change as the change-makers of the society.

28 years is not just enough. There are miles to go, there are millions who are in need of help. PECUC and its team have delivered their tremendous service to the needy and I believe they will continue doing that till the dawn.

I would like to convey my heartiest thanks to the Secretary, PECUC for leading such a focused team. I would also like to thank the Board of Directors and members of board of management for their guidance in this process. I am grateful to all staffs of PECUC who have worked day and night to reach the vision of PECUC. Last but not the least, our donors and partners for their collateral support in conducting our service.

Smt. Adaramani Boral

Chairman

Forward from Secretary's Desk...

“Don't limit yourself. Many people limit themselves to what they think they can do. You can go as far as your mind lets you. What you believe, remember, you can achieve”, such saying by Mary Kay has well epigraphed the glorious 28 years journey of People's Cultural Centre (PECUC).

PECUC, started as a small endeavour that aimed at empowering the poor, being the voice for them, and personaging the real portrait of their demeaning status in the society, aiming at their upliftment and empowerment. The organization reflected its aims in actions like strengthening hundreds of self-help women groups; fighting for right based issues of Women, Children, and Elderly, with a marked emphasis on the issues related to the education of the children; creation of livelihood opportunities, providing better health facilities, as well as ensuring a safe environment to live in, have been our basic concerns since years, and will continue to be. PECUC has been supporting the people of the state for relief, rehabilitation, and livelihood restoration, with a focus on the women, children, elderly as well as the marginalized communities of the society. This year, we have been actively involved in coping with environmental issues by devising mechanisms, aiming towards sustainability. We have always believed that the youths are a driving force who can bring a change in the society. Thus, we have been involving them in various environmental programs and awareness campaigns, and have successfully worked towards implementing various environmental sustainable plans.

I would take this privilege to bestow my gratitude towards my partners, colleagues, friends, and all the associates, who have relinquished their support and collaborated with PECUC in such a wonderful journey of 28 years. Hope this continues till the people of Odisha have been empowered. I remember a phrase of Dr. APJ Abdul Kalam that correlates quiet well with this context.

“You have to dream before your dreams can come true”.

Ranjan Kumar Mohanty

Secretary, PECUC

People's Cultural Centre

Vision: A world in which Peace, Justice and equality prevails. Individuals and community, live in dignity and harmony respecting cultural and natural diversity. A world in which, people participate and have a say in their social and economic wellbeing prosperity and exercise their rights to a life of dignity.

Mission: Our mission is to empower and enable people especially children, women, the aged and others disadvantaged in society, to participate powerfully in their holistic development. Our mission is to create and strengthen peoples' institutions that sustain, promote and fulfil their development needs and rights to a life of dignity.

Origin: People's Cultural Centre (PECUC) with its definite objective, scientific approach, and effective implementation strategy is a closely knitted team of social activists and development professionals; who joined their hands during the 1990s to promote sustainable social development. PECUC was formally declared a Non-Government Organization in 1990 and it completed 25 years of its meritorious service to the people of Odisha in the year 2015. Over the years, our focus has been on empowerment of children, women, the aged, schedule castes, schedule tribes, dalits, urban and rural poor, and other socially and economically backward and marginalized communities. Equity, Gender Justice, and Human Rights have been the guiding principles of the organization the core interventions including Child Rights, Livelihood and Household Food Security, Rights of the Aged, Depending Democracy, Community Health Management, and Emergency Management. PECUC works with the community, advocates for pro-poor policy at regional and national levels, and intends to advance human rights culture.

Area of Operation: Grassroots actions at– **Keonjhar, Balasore, Kendrapara, Khordha, Cuttack, Jajpur** districts.

VISION 2020 (Strategic Plan): PECUC would continue to focus primarily on child rights during 2011-2020. While working at the community level PECUC has learnt that children, their parents, grandparents, their families and the community as a whole are trapped into a vicious circle of multiple problems which has led to gross violation of human rights. There is need to develop a human rights culture where each and every individual can enjoy their right to a life of dignity. Hence, PECUC has prioritized to focus on the issues relating to deepening democracy and human rights, women empowerment, health, environment, livelihood, governance, gender justice, active ageing, emergency management and disaster mitigation too during these years.

Khordha

Integrated development community Programme -IDCP

PECUC is implementing the project on **Integrated Development through Community Participation** in 5 villages of Khordha municipality and area with support from HCCB, during 2017-2018.

Education is not preparation for life; education is life itself: It is designed to transform the lives of the less privileged children by providing them access to pre education, non-formal education, formal education and remedial education.

Health, hygiene and sanitation in this project aims to change the peoples' health practices and care seeking behaviour through education, awareness and experience with quality services. Facilitation of immunization programme and periodic health camps are conducted for its beneficiaries to meet their immediate health care needs with health camps including distribution of medicine.

Community-level water management initiatives: With guidance from PECUC team members, they are spreading awareness and mobilizing the community on the need for safe disposal of domestic wastewater to construct soak pits near tube wells.

Empowering through livelihood programme Thus, the project aims at supporting women's access to resources, knowledge, services, education, training and markets.

Achievement at a glance:

- 18 no. of individual benefited from Govt. schemes and programmes
- 3733 no. of community members participated in different day observation programmes.
- 54 no. of households motivated for using toilet.
- 130 no. of children enrolled in sradha bhawan.
- 789 no. of patients attend 7 health camps conducted in the project area.
- 7 no. of hand pumps with Soak pit Repairing and construction, covering 207 No. of households were constructed.
- 57 No. of Households have been benefited by installation of new hand pumps.
- 112 no. of households have enhance their family income through IGP activities.
- 50 no. of member's capacitated through different training programmes.
- 750 no. of households have been benefited by supporting them with Nutritional plants.
- 120 no. of children have been tracked on SAM/MAM.
- 55 families have benefited from vermin compost pit in their kitchen garden.
- 13 no. of functional Anganwadi Centre in 5 project villages and 262 no. of children have access education.

Strengthening Elected Women Leadership

PECUC is implanting a project on strengthening capacities and leadership of elected women representatives in Baliana and Bolagarh block, Khordha district in collaboration with The Hunger Project.. The project aims to:

- Build capacities of Elected Women Representatives (EWRs) for effective functioning and setting of women's agenda.
- Mobilize community and strengthen processes of constituency building to enable women to articulate their voices and participate in the electoral process.
- Institutionalize mechanisms to strengthen capacity building of EWRs to better understand and perform their functions.

Capacity Building of Elected Women Representatives and Functionaries of Panchayati Raj Institutions:

The process of decentralization has provided representation but it does not necessarily lead to participation. Women still face a number of challenges for their engagement in political spaces, such as inadequate education, lack of financial independence, burden of productive and reproductive roles and opposition stemming from entrenched patriarchal views.

Major Achievement

- **Individual benefit through Schemes and Programmes Facilitated by EWR:** Pradhan Mantri Abhas Yojana-70, Old Age Pension scheme-570, Widow Pension-51, Disability Pension-64, Harischandra Yojana-78, Single unmarried Girl-39, Household toilet construction-659, New Ration card-20, MGNREGA Job card-188, BPL Household electrification-97, Mamata Yojana-34, Skill development training to youth- 32.
- **Community level Infrastructure initiation by EWR:** New tube well-25, Repairing of rube wells - 91, Stand post for pipe line water supply-16, Dustbin instalation-47, Drainage and soak pit construction-32, Road construction through Biju Sadaka Yojana-60, Construction of ICDS centres- 18, Pond Renovation-24, Pond step repairing-18, Changing room near pond-32, Pond protection Wall-4, School Building-4, School boundary wall-15, and Playground-14,.
- **Plantation Programme:**-Plantation in institution campus, individual household, avenue plantation and community waste land.
- During the year, 19 no. of Gram Sabha's were observed by PECUC team in Baliana and Bolagarh block. The average participants in the Gram Sabha are 241 in Baliana block and 145 in Bolagarh block. The women participation in the Gram Sabha increased by average 70% in Baliana block and 50% in Bolagarh block.
- Stop 2 child marriages by intervention of EWR with collaborative effort from different stake holders such as CDPO, Child line, Local police and other elected representatives.
- Memorandum submitted to BDO by EWR regarding posting of full time Executive office for smooth functioning of panchayat acivity. After that BDO appointed Executive officer.

Monitoring of Schools by EWR: 169 EWRs visited schools, monitored the MDM quality and student attendance. 178 ICDS centre visited by EWR to see the documents of the centre maintained to be AWW. They also checked the quality of food and nutrition materials, visited the VHND center, and immunization point.

Project: Surakshya –Promote and Protect Rights of the women and Adolescents including Reproductive Rights

Operational area- 5 villages of Bhubaneswar Block, 9 villages of Baliana block and 4 slums of Bhubaneswar Municipal Corporation.

PECUC is implementing the project in 5 villages of Bhubaneswar Block, 9 villages of Baliana Block and 4 Slums of Bhubaneswar Municipal Corporation targeting for ensuring access to Reproductive Rights, Education and protection of Children, adolescents and young women in collaboration with Adoption Centrum.

For the said purpose, adolescent boys and girls group and young women groups are formed and strengthened and are in place at all the operational areas and are educated about their rights through awareness generation activities, trainings, exposures and establishing linkages and convergence activities.

During this reporting period, changes have been noticed in the attitude, behaviour, and practice of the children, adolescents and women as well as increased their understanding and claiming of their rights. Community people understood the importance of functionality of different institutions. It is found that 35 children from all the 18 project implementation areas, those were supposed to drop

out during class 10th appeared 10th examination and passed out 10th examination and are continuing higher studies due to regular counselling and guidance by project team with support of their peer groups, i.e. adolescent boys and girls group. Total 31 children (Boys -20 and Girls 21) were motivated to enrol in class 1 whose parents were not interested to give education to their children. In one of the programme village where child marriage is rampant after intervention community people started discussion about the issue and started realizing it's an issue that will hamper rights of the children. In slum areas, Child labour and dropout rate is very high, due to intervention the community people started initiatives to address the issue through community meeting and guiding parents as well as children through adolescent groups and young women groups. A team of 30 persons of the organization capacitated on Child rights, Environment and ecology, Reproductive Health Rights, and HIV/AIDS.

Young women being capacitated on their Rights are reporting domestic violence cases. During this reporting period, 3 domestic violence cases out of 32 have been identified and resolved. Gaon kalyan samiti (GKS) became functional in one village. Children participation started in School Management Committees (SMCs). 38 institutional deliveries took place. 1 Child marriage case at Andharua village was reported to project team by adolescent girl's group members and discussion started with the parents. 25 identified pregnant women immunized in the follow up villages out of these 25, 5 were at high risk and those were supported with food and vitamins, tonics and medicines, regular health check-ups as a result they had safe delivery and healthy baby. 9 adolescents of follow up villages (5 Girls and 4 Boys) were linked with DDUGKY (Deen Dayal Upadhaya Gramin koushal yojana) and Girls are attending Nursing training and boys are attending Retail management training and there is also scope for campus placement. The young women group member of Andharua and Daspur supported 5 group members of their group to attend Village Health and Nutrition Day regularly. The adolescent boys group of Nehru basti supported Abhisek Sahu, a member of the group to submit form to take admission in +2 whose parents forced him to take care of the family business. Community people understood protection of Environment is one of the major area of concern and started plantation and promotion of organic farming. During this reporting period, 3000 saplings were planted in all the project villages through direct support from project as well as in convergence with Rotary club of heritage Bhubaneswar. 100 Young women started organic kitchen gardening in their backyards.

Workshops and seminars:

- A workshop on Maternal, Neonatal and Child Health, Child protection was conducted by PECUC at Bhubaneswar Block conference Hall. Many dignitaries including Administrators, Local Authorities, Line Department officials, experts, Academics, Communication experts, Country Director, Adoptions Centrum, PECUC functionaries graced the occasion.

Name of the project : Enhancement of socio-economic of schedule caste (BPL) communities through livelihood interventions”

The alternative livelihood options for women aim at providing additional income for the family. During the reporting period, the focus was on empowering women members for their lead role in livelihood activities to strengthen their rights over productive assets

and improving their access to inputs and services related to livelihoods from mainstream. Therefore, community-based institutions formed the basis for promotion of livelihood interventions. PECUC has been implementing a programme **“Enhancement of socio-economic of schedule caste (BPL) communities through livelihood interventions”** with support from Odisha Scheduled Caste & Scheduled Tribe Development Finance Co-operative Corporation Limited, **OSFDC**, Govt. of Odisha in Baliana block of Khordha district. The project implementing in 7 villages (Andilo, Kanchilo, Kotakana, Tiranpada, Dhamilo, Baidola and Saleswar) of Baliana block of Khordha district. . The major activities are goat rearing, fish and dry fishing vending.. 130 families are increase their family income through goat rearing . 31 family are in fishing business .

ACCESS OF HEALTH SERVICES TO URBAN POOR

The project dealt with the magnitude and intensity of urban poverty affecting women, as well as ascertaining the discrimination and inequalities faced by the urban poor women in terms of education and work. Other issues that needs to be focused are related to at least two broad heads: firstly, improving the access and availability of basic amenities and public provisioning related to water, fuel, toilets and sanitation, electricity and so on, in order to improve the conditions of living and wellbeing for poor men and secondly, addressing factors involving external environment such as shelter spaces, transport, overall security levels and so on that can improve the standards of living for poor men and also facilitate their participation in the urban development. In this context, PECUC organized eight ward level sensitization meeting in eight wards with support from National Health Mission, Urban Health cell, Health and Family welfare Department, Govt. of Odisha. The objectives are: 1) To create awareness among urban slum dwellers about key features of NUHM and its services; 2) To sensitize urban population about various other services provided by Govt. frontline workers and various service delivery points; 3) To understand various flagship programmes of Govt. and demand generation among the slum people.

In Bhubaneswar, 8 ward level sensitization programmes have been conducted. The participants are Anganwadi workers, ASHA, Commodity organizer of BMC. Sanitary inspector, ward level other line departments, Mahila Arogya samiti members, Corporator, RKS members, Teachers, CBOs, and slum development committee members have participated in the programme. In eight ward level meeting, total 306 members participated and shared their views and concerns.

capacity building of PRIs

PECUC has been working on the capacity building of PRIs Representatives in Khordha district in collaboration with State institute of Rural Development & PR, Govt of Odisha and District Rural Development Agency, Khordha. The first round training was conducted for Sarapanch and Panchayat Samiti members of Baliana and Balipatna Block of Khordha district. The strengthening of PRIs and Gram Panchayat was conceived. It aimed to provide support to the Gram Panchayats in effective delivery of public services, promotion of social justice and creating enabling environment to hold the Panchayat accountable to people through Gram Sabha and social audit. Total no. of 33 Sarapanch and 32 P.S members of the Baliana and Balipatna Block of Khordha district attended the training program in 2 batches. Total 304 ward members of Bolagarh block of Khordha district attended the training in 6 batches. Details of members who attended the training programme are 33 no. of sarapanch , 32 no. of Panchayat samiti members, and 304 no. of Ward members are attended the capacity building training programme.

"Sponsor a Grandparent" SAGP is one of the innovative programmes of PECUC focused on empowering older people to enjoy a life with dignity. There are 10 elderly self-help groups (ESHGs) functional and the annual saving of these 10 groups are is INR 99486. All these 10 groups are into livelihood promotion activities which includes Grocery business, thresher machine, selling of cattle

feed, cold drinks, providing cooking utensils on rent during marriage and other functions. During this reporting year, the group members celebrated International day for older people and attended health camps organised by PECUC. They received medicines and 19 older people were also referred to Pahala Hospital for further health check-up.

Plantation programme

Plantation of fruit bearing trees in school campus by ECOSAVERS members at Bhubaneswar block, Fruit bearing tree plantation in schools by Ecosavers youth network members, women sarpanch, Nominee and ward members along with Headmasters, teachers and students actively participated in the programme. PECUC & Rotary club of Heritage Bhubaneswar supported them with 2500 no. of fruits and forest trees saplings.

Learning centre for urban deprived Children

A learning center for the urban deprived Children is functional at Kargil slum, Bhubaneswar. There are 30 children enjoying joyful education after school time in the center. The center is equipped with adequate teaching and learning materials. Children not only get scope for education but also enjoy cultural activities, games, sports, yoga, and life skill education sessions. During this year, children of the center participated in District level events and Patha Utsav and performed one act play and dance. Children of the Centre are getting scope to attend different workshops on child rights and sharing their issues and achievements. They are also creating awareness in the community on child labour issues, child marriage through rally, observing special days like Child Rights week, No child labour day, Red hand day, World environment day, water day, Earth Day, etc.

World elderly day celebration

International day for older persons was observed at Andharua. In cooperation with Rotary Club of heritage Bhubaneswar, a Health camp was organised as well as fun activities were conducted. More than 100 people attended the Health camp and enjoyed the day and received free medicines for cold, cough, skin diseases, etc. All the older people got scope for blood pressure check-up. 39 people were referred for further health check-up.

Continuous counselling and referral services have been provided by PECUC staffs along with campaign to stop use of drugs at school & community level. This year 15 awareness programme conducted in community level . 89 drug addicted patients are counselling,.

Re-planning Natural disaster survival

The massive Subarnarekha River floods of 2017 caused unprecedented loss, livelihoods, infrastructure and property in Bhograi block of Balasore district although floods have been a recurring feature in parts of the area. The initial need assessment & selection of people to be assisted were carried out by PECUC Team across all affected areas to identify the immediate, medium-term and long-term needs. Such assessments were coordinated with government authorities and other actors. PECUC team worked closely with the local administration, coordinating efforts during the emergency phase as well as recovery and future interventions. The current operations as well as this relief and recovery plan are based on the assessments, as well as on an analysis of current gaps, needs, and capabilities. As per assessment reports as well as lessons learned from previous operations, the vulnerability criteria prioritize the elderly, women, farmers with marginal income, women-headed families, lactating mothers, and persons living with disability. PECUC promotes community engagement and accountability by holding consultation sessions, and putting in place mechanisms to capture feedback, complaints and suggestions. PECUC started the first phase immediate response programme title “Humanitarian Assistance to flood affected communities of Balasore District of Odisha with supported by AEIN & TDH (G).

Action taken by PECUC:

- 4 Child friendly space in four villages. ,4 health camps organized in four villages ,Hygiene and sanitation campaigns in four villages.,Education kit support to 550 children, Food and nutrition support to 1279 house holds ,Seeds support to 500 marginalized farmers ,

Major Achievements:

- 297 most venerable children who were potential child labourers, were motivated through child friendly space to continue their study.
- 550 children regularly attended the school and reduced the dropout and migration rate among the village children.
- 783 patients underwent treatment and were provided with free medicine to reduce risk.
- Increased awareness level for safe drinking water used in the time of flood in the community.
- 1279 households have been supported with food and nutrition for adult and children.
- 500 households supplement their house hold income

Jajpur

Plantation programme:

In the Sukinda mining area, around 7.6 million tons of solid wastes have been generated in the form of rejected minerals, over burden material/waste rock and sub-grade ore that may be resulting in environmental degradation, mainly causing lowering in the water table as well as deterioration in surface and ground water quality. During this year, PECUC implementing a project "Avenue plantation with support from Indian Metals ferro-alloys Limited, Sukinda mines (Chromite) Kaliapani, Japur. The coverage area was 4.5 Km. Road from Aradapal to Bhaghuasahi village, Chigudipla Grampanchayat of Sukinda block, Jajpur district was covered under this plantation drive. Total of 2000 plants were planted within this area. During this period, care and protection of the plants is the major work. Ant treatment and watering of plants are regularly done by the team members of PECUC. Awareness generation programme was also conducted on environment protection within the areas through street play and community meeting. The 70 % of the plant are now 6 to 8ft height and rest 20% plants are within 4 ft height , now we are more focus on the growth of 20% plants.

Secretary PECUC attending as resource person in Jajpur dist level workshop

Cuttack

Kendrapada

Farmer groups Initiatives

: Facilitation of farmer group initiative: PECUC joined farming community in the flood affected areas of Kendrapara block since 2009. At that time, there were 12 community level farmer groups formed and facilitated with due material and linkage support. Subsequently, more farmers joined the initiative and by end of current reporting period; as many as 47 farmer groups are functional under a federation of farmers as a self motivated people's initiative. The federation leaders give direction to groups in getting organized and in availing benefits of programs of agriculture and horticulture department, local banks and insurance as well. Disaster Risk reduction initiative: PECUC give input to capacity building , group management and facilitating conveyance with different schemes and programme and institutions.

Community Base Disaster Preparedness & Risk Reduction : Team of volunteers of PECUC who are trained 2009 on first aid and search and rescue are still working and demonstration in the community and impart training to youth and children . Reviewing of School Safety Plan in 12 schools. As the child task force groups, teachers and committee members develop practice to update the plan from time to time.

Child Friendly flood shelter (CFFS) Child Friendly flood shelter (CFFS) The facilitation of the committee has enhanced access of vulnerable groups and sections to the CFFSS. Men, women, the youth and children from cross section of the community are using the shelter to promote social and developmental activities. The CFFS committee are active in this reporting period to be able to participate in different risk reduction as well as development activities at community level, child friendly flood safe shelter level and institution level. In the event of flood or flood like situation, they prepare themselves, use the emergency kits supported to child task force groups and mobilize community to take preparatory steps to withstand flood. The child club children also participated in different community level and other special occasions to demonstrate their disaster preparedness.

State Level

Masoom- Support a child programme

PECUC in collaboration with Rotary club of Heritage Bhubaneswar, supported education materials, school fees and exam fees to 8nos of children of unit 8 girls high school and unit 8 boys high school, Bhubaneswar. Holi celebration in sradha bhawan -child motivation centre at kargil slum by PECUC and Rotary club of Heritage Bhubaneswar, Xavier students. They interacted with children of child motivation centre at kargil slum facilitated by PECUC, Masoom support a child programme facilitated by PECUC, 20 children of urban deprived centre, Bhubaneswar supported with blankets and school bags in collaboration with Rotary club of Heritage Bhubaneswar. On the occasion of 27th Annual day PECUC launched a new initiative "Masoom "-Sponsor a child programme. Thanks to Mr Surya Patra and Softest Automations Solution ltd for sponsoring education material, schools fees, examination fee, admission fees (for one +2) to six girl children on the launching programme at Govt Girls High School, Unit 6 Bhubaneswar.

Women Empowerment : Promotion of Self Help Groups: Promotion of Self-Help Group (SHGs) mainly for women has been a common programme of PECUC towards the aim of poverty alleviation under different scheme and programmes Access to credit has not only strengthened the position of women economically, but it has also created a ripple effect which alters power dynamics to allow them agency to a large extent. SHGs have helped

women to participate in the community affairs and in various instances, they have helped tackle the issues concerning public infrastructure, access to social entitlements, health and nutrition, and basic facilities. Most importantly, the process of mobilization and collectivization has been a journey of reflexive empowerment and carving a space for the women self. The space infused confidence in several women and led them to participate in the local governance process. These women have the potential to shape up as strong contenders and actively get engaged in the local political field. PECUC facilitate **358 Women SHG group** in khordha , keonjhar and Balasore district including 3435 women as the members having Rs.2 40,00000/- of savings and .
