Sponsor an old person... Enable them to live with dignity

They worked firmly all their lives, brought up their children, and later took care of their grandchildren.

Now, they are at such a stage of their life where they are left helpless and even lack access to basic necessities such as access to food, clothing, and shelter and face a lot of health related problems.

You can help them by sponsoring a destitute elderly by donating just **Rs. 1130** every month, and enable him / her to live with dignity.
